ProcP003

Mobile Phones Procedure

Students, who take mobile phones to school because they need to use them on the way to school or on the way home, will keep them out of view, in bags and / or lockers.

In the event of emergencies and / or other urgent needs, students will be directed to use the school's phone.

Students who use their phones while on the school premises, without permission, and / or who do not keep their phones out of view, will have their phones confiscated for a period in line with the school's position on confiscation.

Arrangements regarding mobile phone usage on school excursions and or camps, if different to the normal provisions, will be as directed by the teachers responsible.

The school accepts no responsibility for mobile phones that are lost, stolen or damaged at school, at a school function or while travelling to and from school.
